Blake,
Same as this one. Or did you want me to forward to GAO as is?

Thanks,
Josephine

Subject: Draft revised Source Control Proposed Plan - Wilcox Oil Company Superfund Meeting (EPA, ODEQ and Tribes)

Good Day, Please find attached the revised Draft Source Control Proposed Plan. This is a revision based on comments received thus far.

The most significant revision is based on new data collected in March 2018. The data indicate that the lead additive area source material is a characteristic waste and will require treatment prior to disposal.

thanks
